Mr. Steven J. Calder  
Remedial Project Manager  
U.S. Environmental Protection Agency  
P.O. Box 5988  
JFK Station  
Boston, MA 02114

Dear Mr. Calder:

This letter is in response to your request for information concerning the Coakley Landfill in North Hampton, New Hampshire.

Diamond Lumber, Inc. (Diamond) began its operation in Portsmouth, New Hampshire in September 1983. Browning-Ferris Industries (BFI) handled all waste disposal for Diamond from the beginning of Diamond's operation in Portsmouth.

Mr. Jonathan H. Clark with BFI has informed me that BFI has not used the Coakley Landfill for disposal of waste from Diamond at any time.

I am not aware of any other information concerning the Coakley Landfill and its use for waste disposal.

Very truly yours,

Carl E. Oates
